EL CONCORDE Ltd.
TRADING & MARKETING

Introduction

El Concorde Trading and Marketing (T&M) was established in 2007 as a Jordanian company with the purpose of providing the local and regional markets with value-adding solutions for their construction-related supplies. Our comprehensive range of products, materials, instruments and equipment serve the needs of oil and gas, energy, industrial, telecommunication, water, wastewater, building, environmental and general construction projects.

In order to ensure top quality, consistency, and after-sales support services to all our clients at all times, we have chosen to partner up with the most reputable leading brands and manufacturers from all over the globe. Furthermore, our seasoned team of specialized engineers, our in-depth knowledge and experience of the region's construction markets, and our customer service orientation all converge to ensure our delivery is on-point and to your full satisfaction.

By being the address for top quality supplies and services, El Concorde T&M remains the premier choice for many public and private sector clients within Jordan and the region.

Our Vision

To be the region's principal products, materials, instruments and equipment supplier to general and specialized contractors from the public and private sectors alike.

Our Mission

To develop and maintain mutually beneficial relations with our team, our clients and our suppliers by executing value-adding cooperation, representation, and delivery through fair and honorable professional standards and practices.
