

QUALITY, HEALTH, SAFETY & ENVIRONMENTAL POLICY**ELCONCORDE CONSTRUCTION**

El Concorde Construction Ltd. is a regional general contracting firm. We are committed to provide our customers with distinguished services and total satisfaction. We are dedicated to the successful completion of all projects on time and within budget, besides maintaining the highest level of the QHSE standards.

El Concorde strategic view is based on three main themes: Promote the “Center of Excellence” brand recognition, aggressively grow by expanding in the MENA region, and diversify into niche sectors of construction.

El Concorde QHSE policy is implemented at all levels of the organization, it is based on the following principles:

- El Concorde policy is developed as per the nature, scale and purpose of the organization. It is approved by the top management and implemented throughout the organization.
- El Concorde is committed to understand, meet and exceed client, statutory, and regulatory requirements while operating every aspect of the business to offer the highest level of Quality, Health, Safety and Environment standards.
- El Concorde is committed to protect the surrounding environment, reduce the health, safety hazards and environmental impacts, and prevent ill health and injury to employees, subcontractors and members of the public affected by El Concorde project activities. This is achieved by utilizing a structured risk management approach, adopting environment technologies, responsible disposal of waste, emergency preparedness and contingency planning.
- El Concorde shall ensure sustainable development of its services during project life cycle and in all aspects of its operations.
- El Concorde QHSE performance shall be monitored and achievement of QHSE targets and milestones shall be a basis for recognition and rewards.
- El Concorde shall maintain an organizational culture that endeavors to continually improve the performance and effectiveness of QHSE management system and other business activities.

El Concorde is committed to implement and continually improve its QHSE management system, and all El Concorde employees are requested to implement and improve El Concorde's QHSE management system on a continuous and systematic basis.

Dr. HAMID JABR
CEO/Chairman
